

## June 25, 2013 Steering Committee Meeting

**Task 1-** Achieve a Committee consensus on a draft working Vision Statement to take forward to the Town Hall meetings for public comment.

Three versions of a revised Vision Statement were brought forward reflective of comments received from members of the Committee. The Committee should review each draft version and direct staff with a consensus on which should go forward, or a combination. The three versions are as follows:

1.) Comment version reflective of the current Comprehensive Plan language with individual Committee member comments integrated into the existing text in strikeout/underline format.

### ***VISION STATEMENT***

*Scenic beauty, a storied history, and strong sense of community make Sun Valley a highly desirable place to live, work, play and visit. Its pristine mountains and pastures, wildlife and wildlife corridors, habitat, clean air and clean water are highly valued. Development in Sun Valley respects and complements the natural setting and preserves its historic authenticity. It remains home to a diverse and engaged community ~~that hosts~~ that includes a prominent and internationally-recognized, year-round, world class resort. Sun Valley enjoys economic and environmental sustainability, successful regional partnerships, social and cultural richness, educational opportunity, and a unique character and quality of life.*

2.) Comment version from Wally Huffman; March 19, 2013

### ***VISION STATEMENT***

*Scenic beauty, a sense of community, a prominent and world renowned year round resort make the City of Sun Valley a highly desirable place to live, work, play and visit. Its recreational amenities, pristine mountains and vistas, clean air and water are highly valued. Development in the City respects its history as the first and finest winter ski resort in the United States. Sun Valley enjoys social and cultural richness and a unique character and quality of life. The City and its residents are committed to fostering economic and environmental sustainability and successful regional partnerships.*

3.) Comment Version from Susan Tucker; April 29, 2013

### ***VISION STATEMENT***

*Scenic beauty, a sense of community and a world renowned year round resort make the City of Sun Valley a highly desirable place to live, work, play and visit. Its recreational amenities, pristine mountains and vistas, clean air and water are highly valued. Development in the City respects its history and place in the natural world. Sun Valley enjoys social and cultural richness and a unique character and quality of life. The City and its residents are committed to fostering economic, environmental and educational sustainability through successful local and regional partnerships.*
